

Coming July 20, 2016 New Look For Weblogin

The new look

- **Is mobile friendly.** Looks the same across all your devices.
- **Works with new two-factor solution.** The university will begin using Duo instead of MTokens for systems that require two-factor authentication through Weblogin on July 20.

How you know it's safe

- **Look before you log in.** Make sure the URL begins with **<https://weblogin.umich.edu/>** before entering your UMICH (Level-1) password.
